MISTY BAKER

Director of Compliance, *BenefitMall*

The Affordable Care Act, What Happened in Congress?

Misty Baker partners with the insurance field sales team and services leaders, and serves as an Affordable Care Act (ACA) compliance resource. In this session, Misty will take a look back into Summer 2017 when Congress proposed changes to the ACA. The House introduced and passed a bill, but the Senate was unable to cross the finish line.

What role will the regulators play in changing ACA in 2018 and beyond?
What changes have already been made, and how do they impact your clients?
